Sets

	Pong
	Chow
	Kong
	Pair (eyes)

Winning hand = 4 sets + 1 pair

One turn

1. Draw one tile from the wall.
 2. If it is a flower or season, set it aside and draw a replacement from the back of the wall.
 3. Discard one tile to the middle of the table.
 4. Other players may claim your discard: a win first, then Pong or Kong, then Chow (only the player after you).
- Flowers and seasons: set aside, +1 point each.

A strategy game to play with friends.
